**Dear Partner,**

we would like to kindly invite students from your institutions to take part in our Summer Schools that take place at University of Economy (Bydgoszcz, Poland). Our University currently offers five summer schools covering different areas of study. Most of the courses are created on the basis of experience with different EU programmes that were conducted in cooperation with many international partners at the University. Students attended the Intensive Programmes from more than 20 countries, which created a unique international learning environment. Sharing experience and different perspectives with students and teachers from different countries and cultures is a crucial part of our summer schools experience.

## **Who is the Summer Schools offer directed to?**

The Summer Schools are dedicated to students who are willing to extend their knowledge in the field of study they are interested in, during summer time. The participants of the summer courses have the possibility to improve valuable life skills such as team building, communication, as well as to improve their language skills. It is a great opportunity to meet students and teachers from all around the world and spend two weeks in Poland.
